LOW MONTHLY COST. WE GROW WHEN YOUR SCHOOL GROWS.

Instead of charging schools thousands per year, NMAO Platform earns a **small processing fee on every membership payment collected** — just like Square or Toast. The more your school collects, the more sustainable the platform becomes for everyone.

Your subscription keeps the lights on. **Processing fees are how we invest in new features.** Schools get world-class software at a fraction of what Mindbody charges.

WKC COMPETITION PIPELINE

The only platform with a built-in WKC integration. Students are auto-assessed for division eligibility by belt and age. Register directly from their profiles. Log results, track season points, and follow the road to Grand Championships — all from your school dashboard.
